

RECORDING BEST PRACTICES

WEBCAM

☐ Can be internal computer webcam or external webcam plugged in. Please make sure the camera is placed at eye level.

AUDIO

☐ Computer speaker audio should be fine; however, using a plug-in microphone/headset or earbuds with a mic will result in clearer audio with less background noise.

INTERNET CONNECTION

☐ Direct ethernet connection is preferred. If on WiFi, please ensure your connection is strong and secure.

SETTING

☐ Please make sure to be in a private, quiet space when recording, where minimal interruptions/background noise may occur.

VISUALS

□ Please ensure you are in a bright lit room with even lighting (i.e., no windows with bright sunlight directly behind you). Tip: Facing towards a window will provide even light across your face.

SURROUNDINGS

☐ Please be aware that the audience will be able to hear and see everything you do and everything behind/around you in your setting. Please make adjustments to your comfort level for what you would like to be seen on screen.
